

KEYLATE® COBALT

STOLLERUSA.COM

Keylate® Cobalt is a convenient plant-available source of the essential nutrient cobalt. Cobalt is an important component for several enzymes and co-enzymes that can affect plant growth. Keylate® Cobalt is formulated to use in fertilizer solutions or applied foliar and is non-phytotoxic when used as directed.

PRODUCT FEATURES/BENEFITS

- Optimizes conditions for plant growth
- Helps to manage abiotic stress
- Compatible with most fungicides, herbicides, and insecticides
- Chelated micronutrient package
- Reduces cobalt deficiencies
